

AU TEMPS POUR L'ESPACE

The Lexman Spacedrive gave humanity the stars, but at a fantastic price. Interstellar exploration, colonization and trade became things of reality. The benefits to Earth were enormous. But because of the Fitzgerald Contraction, a man who shipped out to space could never live a normal life on Earth again. Travelling at speeds close to that of light, spacemen lived at an accelerated pace. A nine-year trip to Alpha Centauri and back...

Reader's Opinions

One of the few books I've read multiple times - I first met sci fi as a kid and for some reason I always remember this particular book. I've ran into it 2x in the 20 years or so since I read it first and had to read it both times. I might have to read it again so I can write up a credible review One of the few books I've...

An excellent and competently written juvenile Silverberg novel. Deals with the Lorentz-Fitzgerald effect as does L. Ron Hubbard's "To the Stars aka Return to Tomorrow". This is dealing with the issue of time dilation from traveling at near light speed....
